

Jack Bronstein (now working part time for all  
Week at Michael's Hall)

met at Cook Cafe, 724 Broadway, where I was  
with Larry Bronstein & Jack was eating night  
12/14/68, about 11 p.m.

Says KT has married recently now

Bronstein took up with Jerome Hark when she  
left Thornley, who phoned her mother to  
complain & told the mother Jerome had been  
living with her!

We chatted a little while about KT. I told him I  
had heard KT plans to see me & that I look forward  
to it. I also told him such a visit would make  
sense what other wise might not be possible. He  
admitted there is a small, loosely organized  
group of KT fans in N.Y., of which he &  
Bernie Goldsmith are members.

Bernie & Mike Turner took up when Bernie  
went to N.Y. on a visit and just stayed away from  
him on his return.

At the time of the assassination Jack was working  
for an Arizona newspaper; he did not say which. He  
had, before then, lived in New Orleans.

Jack now has a short, square jawed beard & a  
mustache.

Said he knew KT helped Barbara build a radio altar for  
TV show & laughed when he said it.

now wears short square beard & mustache

Kerry Drunkley -

Jack Bumsale told me  
11/14/68, p.m. in Creek  
Lafe, 724 Bourbon St.,  
that he had taken up  
with Jerome Hark after  
she left Kerry. He said  
that KT had phoned her  
mother to complain,  
telling the mother she  
had been living with  
him.
